CASTELLANE DIVORCE UP.

Final Inquiries as to Possibility of a Reconciliation.

Paris, May 8.—The conclusion of the elections permitted the Castellane case to be taken up yesterday for final inquiries as to the possibility of a reconciliation between the countess (formerly Anna Gould) and Count Rotti. This was considered to be a formality, as the parties are not disposed to become reconciled.

After the present proceedings, the countess' revised bill will be filed and the papers served. The lawyers expect that in future the proceedings will move briskly, and that the final decree will be rendered without a contest.

Advertising Barre Products.

J. A. L. Julian, formerly employed on the Barre papers, never misses an opportunity to advertise Barre, as will be seen by the following clipping from the Bridgeport, Conn., Evening Farmer:

"There is no better syrup made than that which was served this noon at an informal lunch tendered to local newspaper men by Mr. J. A. L. Julian of the Standard. The lunch was the third and last annual affair of its kind. It was given by J. A. L. Julian assisted by Manager Jack Beckers of 'The Why' eating house."

"His attendants were confined strictly to newspaper men and numbered about 20, all the papers being represented by their editorial and business staffs. Mr. Julian understands the art of entertaining and his colleagues did full justice to the good things provided."

"The group served was made by Frederick C. Lipp of Montpelier, Vt., a village in the town of Barre where are located the quarries from which is taken the well known Barre granite. Mr. Lipp was awarded first prize at the World's Fair at Chicago in 1893 for the best group and his product this year is of the same standard. It was then, 'His maple orchard' from which the syrup is taken is located nearly 1000 feet above the level of the sea right in the heart of the valuable quarries. 'His product is so much in demand, each year takes it is usually all sold long before it is dispatched. He makes about a ton of maple sugar each year."

FOR INSURANCE CRASH

Wealthy Stockholders of the Traders Fire Company Roundly Criticized in Chicago.

Chicago, Ill., May 9.—There is great public indignation at the action of the millionaire stockholders and directors of the Traders' Fire Insurance Company in permitting the company to fail, when it is declared, it could well pay its San Francisco losses. If these individuals would turn back a part of the big dividends they have been collecting for years. The general ill-feeling is not decreased by a report that two other companies are hard hit and may conclude to go under rather than find means of paying.

A representative of one of these companies said yesterday that his company would pay in full.

It is reported that Messrs. Lefons, Hutchinson, Hamill, and Buckingham, of the Traders, had offered to make up a purse of \$2,000,000 to avert the crash, but insisted upon being secured probably by some lien on the company ahead of the stockholders, who refuse to pay an assessment. The assessment of \$500 a share would provide \$2,500,000, sufficient to pay the losses and leave \$500,000 new capital and \$500,000 surplus. A few of the stockholders alone are worth \$50,000,000 in the aggregate. Dividends in the last 20 years have tripled the original investment.

Nervous?

There are many causes of nervousness, but poor blood heads the list. The doctors call it anemia. The blood lacks red corpuscles.

At your first opportunity, consult your doctor about taking Ayer's Sarsaparilla. Ask him if he has anything better for weakness, debility, nervousness. If he has, take it. If not, take Ayer's Sarsaparilla. Get well, that's what you are after.
